## Immersion Suits, breathable

For tough and demanding environments – comfortable and lightweight. Designed with focus on ergonomics, weight and comfort – without compromise

- Ergonomic – pre-shaped construction with 100% freedom of movement
- Breathability – durable fabrics with highly breathable properties from GoreTex
- Lightweight – made as a shell product to reduce weight
- Ventilation – pit-zips (underarm-zips) to enhance ventilation in controlled situations
- Waterproof zip in neck for easy donning and comfort
- Pockets – roomy pockets constructed with mesh to enhance the breathable properties of the fabric, placed to ensure normal movement
- Neoprene gloves and hood, lifting becket and penpocket
- For easy integration with safety equipment such as harness and/or SeaLion lifejacket, the suit is “clean” on both chest and back
- The suit fulfills the requirements of the IMO/Solas LSA code, and ISO 15027-1 as a 1 hour immersion/quick donning suit
